METALLIC SELF-ADHESIVE VINYL INSTRUCTION

Introduction

Metallic self-adhesive vinyl decorates your projects with a stunning metallic and reflective chrome effect. With great stickiness and durability, it can apply to smooth and hard surfaces for indoor and outdoor uses. It's also compatible with cutting machines and cutting mat.

Instructions

1.Create your design. (No need to mirror it.)
2.Cut the design.
3.Weed the design. (For small letters and patterns, please press the part you need in case of being lifted when weeding.)
4.Use transfer tape to apply the design. (Squeegee the tape onto the vinyl.)
5.Peel off the vinyl.
6.Apply the vinyl to a clean and smooth surface.
7.Squeegee the vinyl.
8.Remove the transfer tape.
9.Finish.

Quick Reference Chart

Cutting		
Cutter	Cricut	Silhoutte
Setting	Blade: Standard Setting: Metallic Vinyl	Vinyl Reflective (Blade: 2 Force:10 Speed: 5 Passes: 2)
NOTE: 1.Please ensure the real vinyl is facing up when you cut the design. 2.The cutting parameters may vary depending on the condition of the blade and the age of the machine. 3.Please confirm that the blade is sharp enough and there is no scrap on the blade. (This chart refers to the product's most suitable parameters for some third-party machines.)		

Attention

1.Not applicable to wall, clothing or other textiles.
2.Do not rinse the vinyl sheet with water within 24 hours after pasting.
3.Avoid strong acid and alkali corrosion.

Warm Tips

1.Keep vinyl away from direct sunlight.
2.Store in a cool and dry area.
